## EDUCATION

---

### KALINGA INSTITUTE OF INDUSTRIAL TECHNOLOGY

Bachelor of Technology in Computer and Science Engineering | CGPA: 8.42/10

Bhubaneswar, Odisha  
2021– 2025

### Sri Chaitanya College of Education | CBSE

Physics, Chemistry, Mathematics & Physical Education | Class XII: 84.6 /100

Visakhapatnam, AP  
2019-2021

### Carmel Public School | ICSE

Class X: 85.6/100

Tilda, Chattisgarh  
2006-2019

## POSITIONS OF RESPONSIBILITY

---

### Enactus KIIT

Operation Team Member

- Secured collaborations with NGOs.
- Established Marketing Channels
- Worked in a team to design sustainable social business models

Bhubaneswar, Odisha  
Sep 2022 - May 2023

## TECHNICAL SKILLS

---

- **Programming:** JAVA, C, C++
- **WebDesign:** Javascript, Cascading Style Sheets (CSS), HTML 5
- **Concepts:** Data Structures and Algorithms, Machine Learning, Generative AI, SQL
- **Extra curricular-** Video Editing, Rocket propulsion and Technology

## PROJECTS

---

### Emotion AI: Facial Key-points Detection

- Learned key concepts of Deep Neural Networks and Convolutional Neural Networks (CNNs) for Emotion AI applications.
- Applied Python tools to handle image data, including pre-processing and visualization.
- Built and optimized a Residual CNN using Keras and TensorFlow 2.0, gaining practical experience in deep learning model development.

### Machine Learning Project: Pima Dataset Analysis and Model Evaluation

- Executed first machine learning project on Pima dataset: Data cleaning, partitioning, and implementation of RF, SVC, LR, Decision Tree models.
- Evaluated model accuracy; communicated results through confusion matrices.
- Developed foundational understanding of diverse machine learning methodologies.
